EXTENSION OF THE FOURTH COUNTRY PROGRAMME FOR ZAIRE

Note by the Administrator

1. The fourth country programme for Zaire covers the period from 1987 to 1991. The Government requested a one-year extension of the fourth country programme in view of the present difficult socio-economic situation in the country and the political changes taking place. The objectives established in the original country programme remain valid for the period of the extension: improved economic management; support to increased private sector agricultural and industrial production; social sector and human resources development; and rehabilitation of the transport and communications infrastructure.

2. The Administrator wishes to inform the Governing Council that he has approved the extension of the fourth country programme for Zaire for a period of one year, beginning 1 January 1992.
